Dr. R. Christian van den Bos posted a condolence Reminiscing about old times I came accross Jeremy's obit and would like to extend my heartfelt condolences. Jeremy worked with me at Spectra Stable Isotopes in 2001/2 and I remember him as a most pleasant and competent colleague. As a team we had a lot of fun and success in our protein work, a lot of it in pilot production, at the core of which Jeremy ran that Pharmacia FPLC like clockwork.
Sincerely, Christian van den Bos
