Wayne E Lake Sr lit a candleI was fortunate to be raised by this woman, she taught me everything from reading, respect, right from wrong, a zest for life and the love of our savior Jesus Christ. I was also honored to be able to return this Love in mom's later years, to be able to be with her and care for her when she didn't understand what was happening to her. May she Rest In Peace, and we look forward to being reunited in the glory land. Love you mom!

Betty Lake lit a candle Mom Lake ....thank you very much for all the years of being my Mom-in-law and friend. We had many conversations...some good and some not so good. I've grown to love you so much these last couple of years to help you through your late life dementia stages. I've become the mom and you the child. Giving you baths, showers, fixing your hair, making your favorite foods and sweets. What a time we had in Florida at that assisted living home. Needless to say...I Love you and I will definitely miss you. God has taken you by your hand and given you a new everlasting life. Enjoy your time in Heaven! Please say hello to my mom and dad and all our other family members. Hugs! Betty
