My name is Rachal, I was a caregiver for Irene, she was unique and had more energy than me lol. She use to tell me about different animals she would see when we would walk around the back pond..she loved to go walk down to the farm. Irene and Joe would dance in the kitchen and her smile would be as bright as the sun. I loved her like my grandmother.

I took care of Irene. She was the sweetest person. Her smile would light up a room. We were taking her to an event and I told her I would do her hair. She was beaming the whole time.
