I have a memory which I would like to share with you and your family. When i was a young child I stayed my summers with my Grandma, Ivah Richardson, I could hear Junior start his tractor from up on the hill and I would run out to the field that he was going to work on AND I would get a ride on the tractor. That was the best! My heart is sad that I will not be able to pay a visit with your family at this sad time, but I send (((HUGS))) for strength, prayers for your family.
